COMPANY SHOPS, N. C., April 5, 1869.

MR EDITOR:—I see from the reports in the Public Journals of the day, that one might suppose that Alamance County was the theatre of war and bloodshed—beneath the surface of which lurks the "volcanic fires" ready to burst forth in a wild and reckless waste of a "new rebellion."

I will state, in reply to this tirade of abuse on our people, and in order to dispel any false impression which may be created in the public mind, in consequence of the exaggerated reports of an excited imagination, that a more quiet time was never known in this county, than at the time our territory was invaded by an *armed Militia*. And that a more flagrant outrage was never perpetrated on the rights and liberties of a free people, than this declaration of war against this county; and that too, in times of profound peace, when no man or set of men had attempted in the least, to resist the execution of law, by the civil authorities. And I call upon the men who made the requisition on Gov. Holden, to have troops quartered in the County of Alamance, to point out a solitary instance, when any man had attempted to resist the civil authorities in the execution of law. Simply because a few colored men had been unlawfully dealt with, and a masquerade procession had passed through the town of Graham, without committing violence on any one, that this should be made the pretext to declare war against the people of Alamance, is *absurd* and *ridiculous*.—If the civil authorities had proved inadequate to the execution of law, and the preservation of peace, and a spirit of insurrection had been rife in the County, there would have been some show of common sense and justification in the course pursued. But to declare a county in a state of rebellion or insurrection because a few men violated law, and infringe upon the rights of five citizens, who themselves had violated law and when it was known that nine-tenths of the peace loving people of the country, disapproved of these acts, is a condition of things unparalleled in the history of any government.

I take a calm and impartial view of this matter, and I doubt not that the men who were instrumental in arraying Alamance before the public in this unenviable position, in order to justify their base and cowardly attempt to assassinate her good name for peace and order, will yet live to see the day that they will gladly call upon the "rocks and mountains," to hide their blushing faces from the gaze of their outraged and indignant fellow citizens. I have no disposition to misrepresent the true State of affairs in this county, either to justify one side or the other—my sense of right and love for truth, forbid it, but I will say in regard to the statements herein made that I challenge an impartial investigation and defy a successful and truthful contradiction. Then as impartial Judge shall decide from relevant testimony the cause which led to the occupation of this county by an *armed militia* to crush out a rebellion which only existed in the excited minds of the *terrified* and perhaps a few hysterical women and prattling children, whose tender sensibilities have been shocked by the alarm of Ku Klux, it will be found a mere "tempest in a teapot." More from an excited imagination than founded in fact. More the result of Radical teachings than in a violation of right. Our people are not insensible to the claims due their honor and character, however much the *Standard's* correspondent "Alamance," may desire in his unjust and unrighteous attempt to misrepresent the true state of affairs, in order to give some show of justification for the outrage committed against the peace and dignity of our people. He need not think the people are ignorant of the *man*, who would cast odium on their good character, under the cover of an assumed name, that he is so utterly unworthy to bear. Simply because a *few* men in a moment of excitement did violate law, in visiting punishment, that this should be made a pretext for "Alamance" and his coadjutors to hold up the entire people to public scorn and derision as being in a State of insurrection and to subject them to the *expense* and *humiliation* of having the Wake county militia quartered in their midst, is a condition of things the good people of this county will be slow to forget. Let these vile miscreants and political hypocrites cant and revile over the *glory* they have won in their attempt to override and trample under foot the rights and liberties of a free people. They will not be slow to heed the admonitions of the *Standard* to "*mark the men.*"

But peace reigns to day in Warsaw—and liberty smiles again, on unhappy Poland.

LUECO.

BRICKS.—We are informed that the brick yard at the County Work House can turn out 60,000 bricks per week, and at this rate will soon be sufficient to supply the demand. The city needs 100,000, and Col. Fremont has given an order for 90,000, to be used by the Wilmington and Weldon Railroad Company. In fact, no doubt need be entertained as to finding a ready sale for the bricks, which are said to be of a superior quality.

We hear that a deficiency of hands is seriously felt by Squire Foster, and he anxiously looks forward to the commencement of the sessions of the Special and Superior Courts, hoping to have much *patronage* from those tribunals.—*Wil. Star.*

A DANGEROUS MISTAKE.—We are informed that, during the past week, upon the alarm of robbers being given at the house of Mr. Ben. Frank Brown, some two or three miles in the country, that gentleman hurried to the smoke house to catch the thief. By some misapprehension, a brother of Mr. Brown fired upon him mistaking him for the robber. Though pretty severely pierced with a pistol ball, he will probably recover.—*Eastern Intelligencer.*

SWITZERLAND.—A letter just received from Mr. Atkinson, informs us that he still meets with much opposition in inducing emigrants to go to North Carolina. He says the Northern and Western Immigration agents now in Europe use all sorts of falsehoods to prevent their coming here. He has, however, again quite a number of them engaged to come here, and as soon as he can get sufficient to justify chartering a vessel he will ship them to Wilmington direct. He thinks he will be able to fill all orders now in his hands by May next, when he expects to return himself.—*Goldsboro News.*

ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums of denomination, payable at such time or times respectively, drawing interest, at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal as may be due of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners shall said annual appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, as an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit, in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above stipulated. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of the Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

CHRISTIAN W. BOUCK.....President.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company, and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, APRIL 7, 1869.

CHIEF JUSTICE PEARSON TO GOVERNOR HOLDEN.

"I am sorry, Governor, that the Court has ordered one of your officers to jail for contempt."

Governor Holden: "Court or no Court, Chief Justice or no Chief Justice, d——n me, Sir, if my officers go to jail until you go over the dead bodies of my militia".

Governor Holden as he is hurrying to the mob on Market Square, followed by a posse, meets a Minister of the Gospel, and without the least provocation raises a big black stick, and cries out with the voice of a white-livered coward, "Who are you, Sir?"

SECOND ATTEMPT TO ASSASSINATE.

Has the Governor issued the pardon in advance, spoken of by Gen. Estes, for our assassination? Estes said, if Joe Turner were shot in the back, a pardon could be obtained for the assassin; or he might, perhaps, have it in his pocket before committing the crime. On Wednesday, the 24th day of March, a bold attempt was made to assassinate us in broad day light. On last night a second effort was made to shoot us, where Estes said, in the "back." At 12 o'clock, last night, we were fired upon from our room window. The window is only four feet from the ground. The ball penetrated the blinds and glass, and then into the bed. We sat by our lamp, only ten feet from the window. The assassin got our range by looking through a narrow crevice in the blinds. The muzzle of the rifle or pistol was placed against the slats of the window, just above the crack, and fired. The ball, from the hole in the window, appears to have been of good size and well aimed, and by coming in contact with the blind seems to have been directed from its course, and we live to tell about it this morning. We tell the carpet-bag ruffians their poniards have no terrors for us. We shall continue to expose their baseness, venality and corruption. You are mistaken in supposing your victory is complete, and that your system of calumny against the good, and your purchase of the venal and the base, among the natives, can long hold the State in the galling chains of party despotism, which, with the aid of the negro and the sword, you have, for a time, fastened upon us. We tell you carpet baggers your presence, after your march with "Sherman to the sea," which can be traced by lone chimneys and smouldering ruins, is, itself, an insult to the whole people of the State. Those of you who come, with good intent, to cultivate the soil and cicatrize the wounds of a four years war, shall be well received, but those who come to cultivate the political field with the African hand and ballot shall not be welcomed, except by the cowardly and the base.

We match our pen against your poniards; we put the virtue, intelligence, and true republicanism of the people against your bribes, largesses and gold. In such a contest we may perish, but he never dies, who falls in such a fight. We have had enough of the furies of your fanaticism and vengeance, pillage and incendiarism, to be exempt from the furies of your cowardly assassinations. Carpet baggers, Holden men, and renegade secessionists, will learn, ere long, that there is some virtue, courage and self respect left among the people of the State, despite the calumnies with which you have sought to degrade, and disgrace them.—You will feel the force of their indignation ere we feel the force of your poniards and bullets.

"WHY DID YOU SHOOT AT THE TREE."

The *Standard* seems much exercised about our "target shooting," as he is pleased to call it, and asks "Why did we shoot at the tree," &c. We have only to say, we never shot a pistol but few times in our life. We are not familiar with that sort of weapon. When we heard, in Smithfield, that Joe Holden and a mob would attack us at the Depot, we walked to the Smithfield bridge, and fired at a post of the bridge, and, although it was a foot and a half wide, we came near missing it.

The two pistols which we had when Jop Holden, Cebe Harris, Farris, the Keeper of the Capitol, Bozier, the Governor's Militia Captain of the Alamance expedition, young Jenkins, son of the Treasurer, Davis, Senator from Montgomery, B. F. Menninger, brother of the Secretary of State, and Lieut. Pike, all stood halted, until the police interfered, would not fire when we tried them at a tree. Every few days we take a fire at a target; not that we want to kill a Northern man, for Kilpatrick's Adjutant-General says, "if we do, we will be a corpse in five minutes, with 50 bullet holes in our body." Nor do we want to kill a native, but were Governor Holden, Cebe Harris, Dave Jenkins & Co., to come, or to send out their secret League forces to assail us, we wish to be able to make a good defence. Our last defence was made with pistols that would not fire.

If Cebe had advanced with his red stick he would have had the victory, and Lieutenant Pike would not have left, as he says he did, feeling like a "d——d fool."

Pike, by-the-by, is the only man who does not appear to be proud of the feat in Davie street. He has confessed to more than one that it was a discreditable affair.

General Estes and Governor Holden are the only men who approve of it. The two make a sweet couple. Holden published, in 1861, asking "Who would plot for the head of Abe Lincoln?" Estes says, "the man who will shoot us, even in the back, can be pardoned, or, it may be, have his pardon in his pocket when he commits the act."

Because of these things "we trust in the Lord, keep our powder dry," and practice a little target shooting.

WHAT NORTH CAROLINA WANTS.

It is a matter for serious regret that so many of our best citizens are leaving our old State. We need the services of every good man to help rebuild the wasted fortunes of our people. If the vicious and lazy would leave there "would be dry eyes," but the departure to distant States of so many excellent citizens is to be deeply deplored. Many of the most valuable men with whom we are acquainted have gone here to seek their fortunes in other States among strangers. We wish them abounding prosperity, but can but regret that they felt it necessary to leave their kith and kin and their native or adopted State, for a far-off home in a strange land. The writer of this has travelled through many of the Southern and Southwestern States, and after the best opportunities afforded him for judging, gives it as his opinion, that those who remain in North Carolina are better off than those who leave. For himself, he confesses that he greatly prefers the manners, customs, habits, principles and modes of thought of his own people to those of the States referred to above. He would rather be in North Carolina in her days of widowhood, when bereaved, and smitten, and despoiled, sharing in her penury and eating bread earned only by daily and nightly toil, than to dwell beneath his own cottage roof under strange skies and among strange faces, although ease, and comfort and honors were to be the accompaniments. Let our people remain where they are; let them be frugal, industrious and virtuous, and God's blessing will rest upon and abide with them, and the ruin and neglected lands of our own Carolina will yet be green with the richly waving harvests, and our hills and vallies will yet echo the merry songs of a free, happy and contented people.

North Carolina, to be a great State every way, needs only a few things. We will mention them briefly.

1. She needs laborers. We have not enough of this class of citizens to do well the work that is absolutely necessary. The immigration now on foot, and which has been partially carried out, is a move in the right direction. We learn that at the Goldsboro' meeting on Friday last, a good-ly number of Swiss immigrants would have been taken readily if they had been present. This class of immigrants seem to be highly desirable, and we hope that thousands will be induced to come into our State before the year closes. There is a vast field to be cultivated. Our mines and factories too are to be worked, and we need operatives of the better class—thrifty, economical, industrious men and women who are enured to labor and who have judgment and energy.

2. We need capital. We are a very poor people. Every observing man sees this, and every enterprising man feels it. If the rich men of the North would send down their countless millions and invest in our mines and lands, and thereby contribute largely towards the speedy development of our great resources, they would not only add to their own fortunes, but would contribute greatly towards the recuperation of a desolated and impoverished people.

3. We need a greater variety of crops.—Our people have hitherto confined themselves too exclusively to the culture of the cereals, and the great staples, tobacco and cotton. They have neglected to a large extent the cultivation of the vine, and the orchard and the truck farm, and the raising of stock. A reform, a change is here needed. We have a soil and climate every way propitious. The culture of the grape, especially, invites the attention of all. The best grapes in the land are indigenous to our soil. The far-famed Catawba, and the Isabella, and the luscious Scuppernong are strictly North Carolina grapes. Other people have cultivated these with success and from it have realized fortunes; why cannot our people, with every thing favorable, copy the example and reap the same fortunate results? They can, if only the same enterprise and care are exercised.

4. We need manufacturers. It will be difficult to exaggerate the importance of this point. In no State are there greater advantages than in our own for manufacturing purposes. We have the most abundant water power and the greatest facilities, and all that is needed are capital and enterprise. If politicians will cease to irritate and misrepresent our people to gratify their own selfish and sinister ends, we doubt not, that both capital and enterprise will be forth-coming. That the South, and no State surpasses North Carolina, presents the greatest advantages for manufacturing no one informed has ever denied. It can be made the great manufacturing region of this continent. The loom is destined yet, we would fain believe, to go hand in hand with the plough and the anvil in unfolding the natural resources of the State. Northern men of sagacity are beginning to understand this, and we hope to chronicle before many months, that far-seeing and liberal capitalists from the North are investing some of their surplus funds in the manufacturing business in our State.

The Baltimore *Sun* recently said, and the observations are exceedingly suggestive:

"As a general thing, however, the great mistake was made throughout the South of concentrating labor upon a a single branch of productive industry costing that section one half of the wealth it might otherwise have obtained. It is the testimony of experience that no single result of organized labor, however important, is an equivalent for the smaller products of a diversified industry. Thus, for example, we find it stated in a report of the commissioner of agriculture that the cotton crop of Georgia, in 1860, was 701,840 bales, yielding little more than $30,000,000, while the butter of New York, in 1865, one of several products of the diary, was estimated at $60,000,000; and yet the census gave to New York but 370,914 farmers and farm laborers, and in Georgia, including white farmers and farm laborers, and only the males of the slaves, 316,478 persons engaged in agriculture. But the other dairy products and smaller products of the farm, the corn crop of 1864 in New York was estimated at $38,000,000, the wheat at $25,000,000, the oats at $22,000,000, potatoes at $19,000, and hay of $90,000,000. In fine, taking the whole products of that State, including minor cereals, products of orchards and gardens, production of beef and mutton from pasturage, &c., the currency value of the agricultural productions of this one State in that year is stated in the report above referred to, to have been far greater than the money returns of any cotton crop ever produced in the country, and the gold value of such products would be more than equivalent to the gold value of half the cotton crop of 1860. It is true that much of the butter, hay, and other products of New York are necessarily consumed at home, but, even with this fact in view, it is an example which the South might profitably emulate"

The advantages of the South over the North for the manufacturing business is attracting more attention among the manufacturers of New England than is ordinarily apprehended. Whilst we are indifferent or ignorant, sharp, money-making men in Massachusetts are weighing the advantages and possibly will act upon their investigations. The *Sun* remarks in this connection:

"A Boston journal, noticing the circumstance that at several points in the South, cotton mills are in operation, rolling up such profits as Northern manufacturers have long been strangers to, points out one or two facts not familiar to many readers. In addition to what is well known that it is cheaper to find the raw material at the mill door, than to bring it a thousand miles by rail or sea; that the difference of a few cents in the daily wages of operatives is a very important difference, and perhaps, that cotton goods can be made at least twenty per cent. cheaper at the South than at the North, it is added:

The actual loss to the manufacturer is money and stock by boiling and the succeeding processes, is not less than fifteen, and perhaps twenty per cent. The waste itself is an item of no inconsiderable value. Again, cotton is never in so good a condition for manufacture as when it leaves the gin. With these facts understood, it is not difficult to see why Southern mills are and have been running at full capacity, while Northern mills are in many cases losing money, nor to believe that Southern made goods can be brought to Lowell and sold cheaper than her own mills."

These facts are highly important and ought to excite the attention of our business men. We have already occupied so much space that further remarks must be deferred. We insist upon it, that the South must raise everything that it consumes and manufacture into cloth the cotton that it produces. By doing this—by not looking to others for food or raiment or farming utensils, but raising and manufacturing for ourselves, and shipping our surplus, our people will grow rich and independent.

Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

AFTERNOON SESSION.

TUESDAY, April 6, 1869.

Mr. Pou moved to reconsider the vote of yesterday by which the House refused to reconsider the vote by which the bill in relation to the Canal leading from Matamuskeet Lake to Yeocking Creek failed to pass its third reading.

The consideration of the motion to reconsider was postponed until to-morrow morning at half-past 11 o'clock.

By Mr. Gunter: A bill authorizing the Commissioners of Chatham County to levy a special tax.

On motion of Mr. Ashworth, the rules were suspended and the bill to authorize the exchange of certain bonds issued during the war for internal improvement purposes for new bonds was taken up.

Mr. Pou moved to indefinitely postpone the bill and spoke for sometime in advocacy of the motion.

Messrs. Sinclair, Argo and others opposed the motion.

After some discussion the motion to indefinitely postpone was put to a vote and prevailed.

The bill authorizing the construction of a Railroad from Wilmington to Plymouth was next considered.

The question recurred upon the amendment offered by Mr. Seymour when the bill was last discussed, which after some debate was adopted.

On motion of Mr. Laffin the bill, as amended, was laid on the table.

The special order was taken up, being a bill to enable the Chatham Railroad Company to complete its road.

[For the purpose of securing funds to complete the road, the bill authorizes the company to borrow money by the issue of bonds at a rate of interest not exceeding eight per cent., the bonds so issued not to exceed two millions.]

Mr. Welch moved to amend the second section so as to secure the payment of the bonds proposed to be issued, and the interest, by authorizing the company to mortgage the road bed, and the real and personal estate of the company of whatever kind "of that portion of said road south of the Western Railroad."

Pending the consideration of the amendment the House adjourned.

SENATE.

WEDNESDAY, April 7, 1869.

Mr. Bregden, from the Finance Committee, reported favorably on a number of bills.

Mr. Brogden, from Committee on Propositions and Grievances, made report on bill relative to hunting wild game by fire, in certain counties.

Mr. Barrow, from Committee on Fisheries, reported favorably on House bill, in relation to obstructing the passage of fish in certain streams.

Mr. Graham, from the Judiciary Committee made reports on several bills, to wit:

The bill to submit certain acts to the ratification of the people.

The bill, in relation to proceedings in contempt.

The bill to establish days and places for sales under execution, &c.

Messages from the House of Representatives, transmitting a large number of bills, and asking concurrence.

Mr. Smith, from Committee on Propositions and Grievances, reported favorably on several bills.

Mr. W. D. Jones introduced a bill authorizing the Sheriff of Franklin to collect arrears of taxes.

On motion of Mr. Barnes, the rules were suspended, and the House bill to prevent the felling of trees in Contentnea Creek, was read second and third times and passed.

On motion of Mr. Osborne, the rules were suspended, and the bill to incorporate Fair View Female College was taken up and passed its several readings.

The bill incorporating the Bank of Mecklenburg, was, on motion of Mr. Osborne, taken up and passed its third reading.

Mr. Robbins introduced a bill to incorporate the Western North Carolina Agricultural Fair Association, located at Salisbury passed its several readings.

Resolution in favor of Jacob Siler passed its second reading.

House bill incorporating the Phœnix Transportation Company passed third reading.

House bill making the act of going masked a felony, the Senate Committee reported a substitute for the same.

Mr. Barrow moved to reinstate the 3rd section of the House bill.

Mr. Osborne characterized the bill as a very extraordinary one. It placed the lives of men in the hands of each other, and would be productive of a demoralization of society—it would bring about retaliation, and a fearful shedding of blood. He trusted the Senate would not reject the substitute, but act upon it promptly, and let it be forwarded to the House. He spoke at length.

Mr. Lassiter advocated the House bill.—If men would disguise themselves, and perpetrate deeds of violence, let the consequences be upon their own heads. The people were being harrassed, and demanded prompt relief of this Legislature.

Mr. Robbins was opposed to what newspapers termed "summary justice," and he did not think the man should be the judge of a man's intention by his looks. He was willing to pass a law to put down all these acts of lawlessness, but doubted the good effects of this act.

Mr. Barrow withdrew his amendment, and moved to strike out the two first sections of the House bill and insert the substitute.

Mr. Osborne replied to Mr. Barrow, and said, if the evil consequences, to which in Mr. O.'s judgment, should be the result of the passage of this bill, he would deplore and regret it. For the honor of the State, he hoped the bill would not be adopted. It were better that violence should be done under the impulse of passion, than under the sanction of law.

Mr. O. continued his remarks, at some length with great earnestness.

Mr. Welker also, spoke at length.

Mr. Graham said that he agreed with the Senator from Guilford, that the influential men of the State should discountenance and discourage all attempts at violence and should endeavor to control public opinion. But by this legislation you destroy their influence. As has been said the first two sections of this bill will authorize any person to slay another and paint his face and no inquiry is to made to ascertain the murderer. Why only last night in this city an attempt was made to assassinate and murder. Suppose the attempt had succeeded. If this law was in operation and the corpse was dragged out into the street, and painted or disguised, would it not have been said that it was merely killing a "Ku Klux." I regard this legislature as unwise and foolish, and believe the laws we have on the statute book are sufficient. Offenders are being brought to justice throughout the State, and the good men every where are upholding the arms of justice. Let us not inaugurate the state of things existing in Tennessee, and array neighbor against neighbor. If legislation at all is deemed necessary, adopt the substitute of the Committee.

Mr. Cook advocated the passage of the bill, as necessary to the peace of society.

Mr. Robbins spoke at length. His remarks will be hereafter reported.

The debate was protracted.

Mr. Barnes alleging that members of the Union League had committed acts of unlawlessness in the county of Wilson. He believed they had come from the adjoining counties to perpetrate these acts.

Mr. Lassiter spoke at length, in defence of the Republican party, and the charges that they were responsible for these things. Mr. L. advocated a law which would prove a shield to the people at their homes.

Mr. Lindsay said the sentiments expressed by the Senator from Guilford met his hearty approval. He did not think any thing would bring peace and quiet to this country but public opinion.

A. H. Galloway and W. D. Jones spoke.

Mr. Robbins asked, did the Senator from Wake consider a man who went into the war as guilty as one who favored the war.

Mr. Jones continued, that he went into the war and served his time out honorably, when he could not resist secession. He was proud that the Union was preserved.

Mr. Barnes addressed the Senate at length.

Mr. Barrow had, in the course of this debate, heard no argument touching the merits of the substitute—and proceeded to define its provisions.

Mr. Moore, of Carteret, called the previous question. Not sustained.

Mr. Barrow resumed his remarks.

The motion to strike out, made by Mr. Barrow, prevailed.

Mr. Robbins moved to strike out section 3rd and called the yeas and nays, which resulted as follows, yeas 16, nays 19.

The question then being on the passage of the bill on its second reading, resulted in yeas 21, nays 14.

The bill was read a third time.

Mr. Robbins renewed his motion to strike out section three.

Mr. Shoffner offered the proviso, "that the demand of surrender shall be proved by two disinterested persons."

Mr. Love advocated the amendment, as, without it, the bill legalized murder.

Mr. Jones, of Wake, opposed the amendment.

Mr. Shoffner's amendment was rejected, yeas 18, nays 19.

The question being on the motion to strike out section 3, resulted, yeas 24, nays 17.

The question then being on the passage of the bill on its 3d reading, resulted, yeas 24, nays 16.

Adjourned.

Messrs. Malone and Downing favored the bill.

A very long discussion ensued upon an amendment offered by Mr. Welch, to the second section of the bill, when,

Mr. Pou moved to postpone the matter indefinitely. Lost. Yeas 37, nays 52.

Mr. Welch's amendment then put to a vote and lost, by a vote of yeas 37, nays 47.

Isham Sweat, colored, offered the amendment submitting the bill to a vote of the people.

Mr. Laffin called the previous question.

The call was sustained, and the question recurred upon the amendment, submitting the bill to a vote of the people, which was rejected by a vote of yeas 38 nays 64.

The question next recurred upon Mr. Welch's amendment to sections 7 and 10, which were voted down.

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1,584,927 48
Total Income for the year,	8,746,209 59
Losses paid,	1 721 525 00
Dividends paid,	228,284 00
Total Losses paid to date,	8,059,833 40
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS and with its LARGE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the pure-credit system of premiums with dividends annually payable after four years, it issues CREDITS upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $13½ Assets securely invested for every $100 of its Liabilities.

WAKE COURT.

At last Court, the Grand Jury of Wake presented Littlefield, Heck & Company for lobbying and attempting to corrupt the Legislature. Judge Watts adjourned the Court on Thursday, in twenty minutes after the presentment was made, and before Solicitor Cox could draw a bill. The adjournment of the Court under the circumstances, will stick to Judge Watts for some time. The Solicitor now has two weeks in which to draw his bill.

HESTER BROTHERS & Co.—These gentlemen have just opened a full and complete stock of Dry Goods, Hats, Shoes and Fancy Goods, at the old stand on Fayetteville Street, occupied recently by W. Robert Andrews, deceased. The Messrs. Hester are Granville men and are every way worthy of the confidence and patronage of the public. Capt. Hester, the Senior partner, is an old sailor, having belonged to the navies of three nations, and, after seeing the world, has finally settled in our city, within twenty five miles of the place of his nativity. We hope they will be successful in their new enterprize.

THANKS.—We shall believe after this that "a word to the wise" is sufficient. We have to acknowledge with much pleasure the receipt of a box of Mr. Alcott's fine brand—"Laurel Wreath" tobacco. It really deserves and shall receive "many puffs."

Messrs. W. C. Stronach & Co., deserve, and, we are glad to know are receiving a large patronage from the public. There is no more reliable or energetic house in our city.

CAUGHT.—The Hon. Bob Bledsoe, of the Bledsoe family, (and we hope our friend Bledsoe will not feel offended at our designating the Honorable in that manner,) and a member of the League, was caught last night in the chicken coop of Dr. E. Burke Haywood.

FINE TOBACCO.—Messrs. Bradley & Christopher, our city confectioners, are appreciative of our wants. They have sent us some of Duke & Son's choice "Durham." Many thanks, gentlemen!

ASSESSOR FOR THE SIXTH DISTRICT.—Hon. "Windy Billy" Henderson, Chief Secretary of the League, and Head Centre of the Heroes of America, has been appointed Assessor for the 6th District, pending an indictment against him for stealing Darr's mule. We think that the new Administration might have waited until this case had been decided before making such an appointment.

SWINDLERS.—The *Tarboro Southerner* publishes Herbert & Co., of New York, as swindlers. It loses by these rascals the snug little sum of $63, which would have helped the printer no little in these impecunious times. We are continually receiving polite invitations to bite at such hooks, but latterly we have avoided the temptation. We hope the State press will hand around every fellow who attempts to swindle the craft.

THE CAROLINA FARMER.—This is the best printed monthly publication that we have ever seen from a North Carolina house. It seems to be well filled with interesting matter for the farmer. Its success has been good and we hope it will be patronized very largely throughout the State and the South. Price $2. Address W. H Bernard, Wilmington, N. C.

THE *Standard* says that the appointment of C. J. Rogers, as Postmaster of this City, has been confirmed by the Senate.

The Prince and Princess of Wales have just visited the great Temple of Karnak in their voyage up the Nile. The Avenue of Sphinxes and the Obelisks and the Temple of Pharaohs, thirty centuries in dust, were illuminated with that fixed lightning, the magnesium wire.

REV. LOVICK PIERCE.—The veteran Minister of the Gospel (says the Atlanta *Constitution*) now in his eighty fourth year, sixty-five of which he has been engaged in the ministry, preached at Wesley Chapel on Thursday night last. Notwithstanding his age he preached with the vigor, fire and earnestness of a man of thirty five. On last Sunday he preached three sermons, at Cartersville, of one hour and a half each.

Mr. Grant refused to meet Mrs. Dr. Mary Walker unless she abdicated the terrors of her trousers and her umbrella, and came to him clothed in the usual garments of her sex. The *Revolution* has lost all hope of him.

HE MEANT WHAT HE SAID.

On Tuesday when the Penitentiary bill passed its third reading in the Senate, Mr. Graham moved that the bill be sent forthwith to the House for their action. Davis carpet-bagger from Montgomery hoped the motion would not prevail, he thought the Senator from Orange was acting with indecent haste, he saw no reason why the bill should be an exception to the general rule. Galloway, (colored, Grant elector and leader of his party) reproved the white man by saying, the remarks of the Senator from Montgomery were discourteous to the Senator from Orange.

Davis, (white man) thought the Senator from Orange was able to take care of himself. Galloway said that was so, but as the Senator from Orange might not care to stoop so low as to notice the Senator from Montgomery, he thought he would take it upon himself. Davis (white) with suppressed indignation rose to a question of personal privilege and asked Galloway, (colored,) what he meant. Galloway (colored,) replied, he meant what he said, and thought it a fit reply to the Senator from Montgomery. Davis, (white,) said nothing.

MEETING OF THE MAGNATES.

We saw Judge Settle of the Supreme Court walking with General Littlefield arm and arm on Fayetteville Street. Except "Hon." Windy Billy Henderson, the newly appointed Assessor for the 6th District, the two first named are the best looking men of the party. Settle looks a good deal like Littlefield, and Littlefield a good deal like Settle.

We did not hear how these two greeted each other when they met, but we did hear how the Judge and General Laflin met.—The Judge said, Laflin, I am glad to see

"There sounds not to the trump of fame
The echo of a nobler name."

Laflin, taking the Judge's hand with both of his, said, I am glad to see you Judge, the sight of an honest man does me good. In these days of degeneracy and corruption, honesty is so rarely met with, that I have to shake my right hand with my left, and say how do you do, General Laflin, how do you do? I am glad to see you.

When this was told us, we said in the language of Laflin's telegram when we were reconstructed:

"Sound the loud timbrel o'er Carolina's dark sea."

ARE WE TO BE BOUND OVER AGAIN?

Our friend, E. E. Harris, who stood bail for our appearance to Court, for the attack upon us in Davie street, has called again to go our bail, and says there is the same reason to bind us to Court, for the a tack upon us last night, as there was for the attack upon us in Davie street. When fired upon last night we drew our pistol and went out in search of the Radical gentleman who assailed us. In Davie street, we drew our pistol upon Cebe Harris, Joe Holden, Pike, Farris, Davis, carpet bag Senator from Montgomery, Beazley, Holden's militia Captain in the expedition to Alamance, Jenkins and Menninger, and the crowd who stood about them. Only two of the crowd were bound over to Court and to keep the peace. We had none of them bound over, but one was as guilty as the other, and if one was bound over all should have been. We feel sure it was Ku Klux or League men that fired on us last night, and we don't suspect the Ku Klux.

For the Sentinel.

RALEIGH ENTERPRIZE.

MR. EDITOR:—Will you permit a sojourner in your beautiful City to express the gratification he has experienced in witnessing the many evidences of enterprize and improvement? While I have seen much to sadden me in the political situation, I confess to a most agreeable surprise at the developments of individual energy and public spirit which abound in your midst. Such indications are an augury of better times.

Without instancing other features, I would like, by your permission, to say that the Tucker building, on your Main St., is a monument of individual enterprise that would do credit to a City ten times as large as Raleigh. And if I was struck by its magnificent exterior, I was still more impressed by a visit, inside, to the mercantile establishment of the Messrs. Tucker & Co. In magnitude of operations, completeness of details, thoroughness of system, variety and arrangement, the business appears to be conducted in a style and on a scale equal to those of the first houses in the larger cities. It is a refreshing spectacle, in a Southern City no larger than Raleigh, to see in one establishment a *dozen* departments,—each devoted to some specialty and each entirely complete within itself. In the department of calicoes, alone, I will venture that the number of *boxes* of that fabric imported the present season, by the Messrs. T., is as great as the number of *pieces* brought by any one house here, ten years ago. The same remark will apply substantially to other departments. Pervading the establishment, too, there is an air of activity and bustle, which, taken with the throngs about the counters, indicate that the energy and enterprise of these gentlemen are finding their reward—as they should.

It ought to be a cause of congratulation that this fine House, (doing, already, a splendid wholesale trade, I am informed,) is the work of *native* public spirit and private energy. All of the gentlemen, I hear, are North Carolinians, who are connected with the House, and the two Messrs. Tucker, I know, are the worthy sons of one of the worthiest former citizens of your City.

CHARLES' LONDON CORDIAL GIN Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

STATE NEWS.

The Superior Court of New Hanover county will be held in this city on Monday, the 19th instant. The business of this term will be overwhelmingly large. Hundreds of cases are on the docket and it will be almost impossible to dispose of them all this term. On the criminal side of the docket between fifty and sixty cases of larceny are awaiting trial. On the civil docket the cases are almost innumerable.—*Wilmington Journal.*

ACCIDENT.—A sad accident occurred to Mr. Nathan E. Brickhouse, an old gentleman and resident to this city yesterday. While engaged in some duty at the mill of Messrs. Northrop & Cumming, where he is employed, a pile of lumber fell upon his left leg, causing a fracture of the ankle—*Wil. Jour.*

The condition of the troops now stationed among us, compared to those just left—we mean the negroes—is worthy of some remarks at our hands. Last Thursday night, instead of riotous and boisterous conduct, all was perfectly calm in our community, and had we not heard the sound of the garrison drum, we would scarcely have known that we were still subject to military rule. Not over three or four of the white troops were out of the garrison, on pass, if we may expect the officers, and their demeanor were nothing but sociability and gentlemanly deportment, so far as we have heard.—*Goldsboro Messenger.*

W. H. Payne robbed P. Donnelly, in Wilmington, of a considerable sum of money. Payne was arrested and carried before Judge Cantwell, who bound him over to the Superior Court for trial. $340 were recovered.

A negro woman named Mary Harris attempted to kill a child in Wilmington.—She only succeeded in wounding its mother Sarah Stokley. Capt. Yelligan was cut badly, by an axe in the infuriated woman's hands, in attempting to interfere. Cause jealousy. She was finally arrested and taken to the guard house.

AMPUTATED.—The leg of Capt. N. E. Brickhouse was amputated, yesterday, and the operation was very successfully performed.—*Wil. Star.*

Wm. F. Henderson, of Davidson, has been appointed Assessor of Internal Revenue in that District in place of H. H. Helper of Roana.

On the night of the 24th inst., one or more burglarious individuals broke open the smoke house of our esteemed fellow citizen, Gen. Robt. B. Vance, and carried off every ounce of meat it contained. No clue to the thieves.—*Asheville News.*

OBLIGING.—Col. S. L. Fremont, with his usual kindness, sent a special train for the delegates at the recent Goldsboro Immigration meeting, and thus enabled them to be present at the afternoon session, without incurring the necessity of remaining through the night.—*Wil. Star.*

The members of the Legislature are very much concerned about the site of the Penitentiary. They needn't trouble themselves. Some of them will get a *sight* of it much sooner than they wish; and it will be an inside sight, too.—*Star.*

Bishop Atkinson confirmed twenty three persons in Newbern on last Sabbath.

Condensed from the Hillsboro *Recorder*: W. H. Taylor's smoke house, in Caswell, robbed of bacon. Some one tried to break into Jas. McAdden's store in Person. Some rogue was fired upon by W. Royster of Person, whilst a tempting log to rob his crib. Wheat crop in Caswell and Person looks well. Tobacco market at Leasburg has opened—twenty wagons there in one day. Oat crop looking badly. Freedmen working well. Large preparations in Caswell for a tobacco crop. Dr Pritchard will pass as a preacher—preached five sermons from, "Sirs, what must I do to be saved?" A soul converted each time he preaches. Sol Craig was jailed in Hillsboro for stealing three hogs. John Wilkerson, near Fairfield, has lost five barrels of corn by a "negro cropper." William Harris died in Person of cancer. Some one stole young apple trees out of William Ward's orchard, three miles from H. Wm. Brown's mill near H. was robbed. House on Judge Mauly's lot occupied by a negro was burned. An elegant *soiree* recently given at the school of the Misses Nash and Miss Kollock.

At a Festival held in Fayetteville, by the ladies at the Presbyterian church last Tuesday and Wednesday nights, $450 were realized, of which amount probably $100 or $200 will be required to meet expenses.

ROBBERY.—The house of Mr. A. Anthony, living near the corner of Seventh and Hanover streets, in the immediate vicinity of "Camp Lamb," was robbed last Saturday night, and the robbery was *complete*. Gold, silver and greenbacks were carried away, and not a change of clothing was left Mr. Anthony.—*Wil. Star.*

PERSONAL.

Mr. Carlyle and Mr. Brown have taken tea with the Queen.

John S. C. Abbott is called by the New York *Times*, "the most successful spoiler of splendid subjects."

The *Saturday Review* is loud in praise of Mr. Alexander H. Stephens and his book upon the constitutional questions involved in the war.

Mr. Grant had a tooth drawn on Monday, and held his own jaw during the operation.

Bishop Huntington, the new Episcopal Bishop of Syracuse, N. Y., has been presented with a $25,000 house.

Rev. Isaac J. Stine, recently arrested in Boston for pilfering books from various stores, has been put under $2,000 bonds for his good behavior, with understanding that he should leave the State. He goes to Philadelphia.

Gen. Mahone has been elected President of the Virginia and Kentucky Railroad: from Bristol to Cumberland Gap, in place of R. W. Hughes, resigned.

John Rogers, the sculptor, has declined to model a statuette of General Lee on the ground that he doesn't wish to offend any political party.

Mr. Froude has been installed as Rector of St. Andrew's University. This is the post to which Mr. Mill was chosen a year ago.

Rev. R. J. Breckinridge is quite ill at his residence in Danville, Ky., and his friends have some apprehensions concerning his recovery.

The Chicago *Post* urges the Hon. John Wentworth, of that city, for the mission to Turkey on the ground of his familiarity with the subject as President of the Cook County Poultry Association.

When William L. Marcy, then Governor of New York, notified Martin Van Buren, then President of the United States, that he purposed selecting one of Van Buren's sons as his private secretary, the President protested against it on the ground that he was opposed to the public's supporting any of his relations. Now Grant it, and then what!

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he comes into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,482 policies.

Amount insured,	$10,905,550,00
Total Premiums,	350,117,03

The whole number issued by the Connecticut Mutual in the first year of its existence was 862

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	943
" Phœnix Mutual,	235
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,360 "
And in its 20th year,	2,812 "

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

LIFE INSURANCE COMPANY,

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

WASHING COMPOUND.

Patented Sept. 24, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth, the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

Sentinel.

PUBLISHED AT THE

CAPITAL OF THE STATE,

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

and

FIRST CLASS NEWSPAPER.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and in the low prices of the article places it within the reach of every family.

The boiler operates upon purely philosophical principles, to self-acting, and dispenses with labor and the wear of the clothes.

The hot water and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the most loose to the best-bunches. For flannels it is invaluable, as it does not roll them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling soap are forced through the fabric, thoroughly loosening and cleansing the dirt WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOCKEE & GROTHEER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State
